

# ANSWER THE CALL TO GLOBAL COMPETITIVENESS

As stronger demand continues to spark the growing economy of the Philippines, the challenge to continuously improve the delivery of goods and services to consumers also gets stronger.

In response to this emerging economic condition, PISM (Philippine Institute for Supply Management) brings the most comprehensive convergence of companies and key people in the industry of supply management. It's all happening at **SUPPLYLINK 2014**.

This 2014, take advantage of this opportunity to grow your business. Book your space at **SUPPLYLINK 2014**.
